

Charleston Banks Environmental Policy

Charleston Banks is committed to minimising the impact our building and construction works have on the surrounding environment. We respect and uphold the legislation in place to protect the environment. Fostering a sustainable future is paramount in Charleston Banks's business decisions and work activities.

The objective of our Environmental Policy is to, as much as is practicable:

- Identify environmental risks and implement environmental management systems and best practice where appropriate
- Continuously review and improve our processes in line with environmental legislation and Australian/international standards
- Opt for sustainable building materials and a paperless environment in our administrative dealings
- Minimise our environmental footprint and adverse impacts from our work activities
- Ensure proper training of employees in environmental issues
- Cultivate a culture of environmental awareness
- Ensure good communication to employees regarding roles and responsibilities relating to environmental management in each project
- Implement waste, water and energy reduction measures throughout the design and construction phase of each project.

Charleston Banks is committed to fulfilling the objectives of this policy and expects the same of all Charleston Banks employees, contractors and customers.
