Privacy compliance statement

This information is collected by WorkCover for the purposes of undertaking an evaluation, assessment and processing of a notification of demolition work under the WHS Regulation.

This information may also be used by WorkCover for the purposes of confirming applicant details, to establish and maintain a database and to assist WorkCover and its inspectorate with its work generally. It may also be provided to other state, territory and the Commonwealth regulatory authorities.

Except for the purposes of prosecution and unless such disclosure is otherwise required by law, the information will not be accessed by other third parties in a way that would identify the individual without the consent of that individual.

You may also apply to WorkCover to access and correct any information about yourself that WorkCover holds if that information is inaccurate, incomplete, not relevant or out of date. Applications should be made in writing to: Privacy Contact Officer, WorkCover NSW, Locked Bag 2906, Lisarow, NSW 2252.

1. TYPE OF DEMOLITION (mark one box)

The height of the structure means the height measured from the lowest level of the ground immediately adjacent to the base to the highest point of the structure.

- Demolition of a structure, or part of a structure that is load bearing or otherwise related to the physical integrity of the structure, that is at least six metres in height.
- Demolition work involving load shifting machinery on a suspended floor.
- Demolition involving explosives.
